On behalf of the Alpha Psi Alumni Association and the Active Members of the Alpha Psi Chapter you are cordially invited to the annual Homecoming Celebration on 27, 28 and 29 October in Rolla, MO. We have activities planned at Matt’s Steakhouse, The Centre, and of course the Chapter House. See the schedule of events for details. This year Homecoming will be a time of celebration and we want to maximize Alumni attendance. Whether you make regular visits to the Chapter House or this would be your first in many years, we want you to join us. Celebrate with us. Assess our accomplishments. Come see what we’ve done this year. Give your opinions on the direction we are going. Your voice counts. We have enclosed the Registration Form for this year’s celebration. Please complete it and send it back with your registration payment. Registration levels are:
- Silver Star: $189.00
- Gold Star: $629.40
- Blue Iris: $1000.00+
Silver Star Registration is the suggested donation we ask from any Alumni to help us cover our costs. Registrations at the Gold Star and Blue Iris levels are for our Alumni who want to help Sponsor this year’s Homecoming Celebration. See the form for Registration details. We hope many of you will be able to join us this year to celebrate our beloved Alpha Psi!

Brother Guzzy was impressed with the sense of purpose and mature judgement of our members. In the early 50s our membership included a large number of Korean War veterans. BS Metallurgical Engineering-Missouri School of Mines
JD Law-University of Detroit Mercy
Brother Guzzy married Carole (or Jo, as she prefers to be called) on 6/8/1957 following graduation. He is Self Employed at his company, Innovation Partners. Jack and Jo live in St. George, UT. They are the parents of Gale, born 25 August 1962. Jack enjoys reading and playing golf.

Many Brothers are celebrating “Major” Anniversaries this year. Like last year, one of the goodies we are doing are Homecoming Coins (see image to the right). Alumni who attend Homecoming will be given a coin with their # stamped on the Crest (heads). Brothers celebrating a Major Anniversary will also get the appropriate Anniversary number stamped on the Badge (tails) side. Want a coin? Come to Homecoming and get one. Did you lose yours? Come to Homecoming to get a replacement for $5.
Go to themissouri.edu/events/homecoming for the latest details on Homecoming and a current list of attendees. We are tracking attendees for Homecoming 2017 and update the attendee list weekly. Are you planning to attend this year? Please let us know so we can list your name on the site!

NEW HOUSE DESIGN CONSIDERATIONS

Based on research of what is currently being built to meet the expectations of the incoming generation, we realize our past building design considerations will not satisfy our current and future “customers.”

For Example: In the old annex, we put 2 men in a 100 SF room and up to 34 brothers would share 4 showers and 3 commodes.

Conclusion: Today’s “market” will not accept those conditions. Our new house design CANNOT be like the old annex.

New house provides a mixture of room styles which offer about 105 SF - a comfortable and quite place for each member.

Our current plans contemplate:

- 1600 SF dining room with seating for up to 150 people
- 312 SF kitchen capable of serving up to 150 meals at a time

This better accommodates larger social events for family and Alumni gatherings.

- Each room style above includes study space as part of the design
- More than 550 SF of additional designated study areas with appropriate sound insulation throughout the house
- 655 SF living room that can also be used for studying.
- Current Dining Room and Kitchen areas will be remodeled into study space for library type and collaborative studying.

Each room will be outfitted with a lofted bed + desk combination. This is the latest style in dorms and fraternities.

The image at the left is what we are contemplating as a sleep/study combination.

This was designed to see if you really read our Newsletter! Check out the latest renderings on our website!

Plus, we are going to remodel the annex into 17 single man rooms.

Result: We plan to have 67 brothers living on our property.

We have learned current generation prefers options for studying, so we are providing multiple spaces to accommodate individual preferences. The new house design provides desirable accommodations for room and board of all members, plus emphasizes the importance of studying with “study friendly” spaces. These include:

- 15 each 2-man rooms = 30 men
- 6 each 1-man rooms = 6 men
- 1 each 3-man rooms = 3 men
- 3 each 4-man suites = 12 men

Total in new house = 51 brothers

These 51 men will be served by 12 showers and 9 commodes, plus on-site washers and dryers.
